FINANCIAL POLICY

Thank you for choosing our practice. We want to make every experience you have with us a positive one. Over the past few years, the practice of medicine has become more complicated for our physicians and patients alike, due to managed care rules and regulations. Because of the growing complexity of the insurance business, we would like to help clarify the relationship between the insurance company, the doctor, and the patient. In an effort to better assist you, we have developed a set of guidelines regarding financial responsibility. If you have any questions, please speak with the insurance office staff. You will be asked to sign at the end of this form.

UNINSURED PATIENTS If you do not have current health insurance coverage, our policy is to collect payment at the time of service.

CO-PAYMENTS, DEDUCTIBLES, AND CO-INSURANCE A copayment is a set dollar amount you owe for each office visit. Some insurance plans are subject to a deductible and co-insurance. You will be asked to pay your co-payment, deductible, and co-insurance amount at the time of service if your deductible has not been met. We will verify if your deductible has been met with your insurance company prior to your visit. Co-insurance is the amount required by some insurance plans over and above the deductible amount. Our office verifies each patient's financial responsibility with their insurance company but can not guarantee final financial responsibility until claims have been submitted and finalized by the insurance company. ***If your appointment is for a well woman visit but you report a problem that needs to be treated by a physician than your visit may not be covered at 100% and you may receive a bill for a co-pay or deductible.***

LABORATORY AND HOSPITAL FEES Many times it is necessary to obtain tissue or perform lab tests to confirm a diagnosis or to determine a course of treatment. If any tissue is removed for a pathology examination or if a laboratory test (blood work, culture, etc) is done in our office, the actual test is usually carried out by someone else. This means that you will receive a separate bill from the lab. If you have a question about a bill you receive from a lab, hospital, or outpatient center, please contact them directly to resolve any billing concerns. Please note that *if you have a deductible the hospital or surgical center will require payment of this before the procedure.* Our office is separate from these facilities and we ask that you please contact the hospital or surgical center directly with any billing issues or questions.

OBSTETRICAL PATIENTS- Individual payment plans will be set up for each patient based upon your insurance coverage. Our office policy is to collect all payments by the beginning of the 7th month of pregnancy.

FORMS OF PAYMENT For your convenience, we accept cash, personal checks, MasterCard, Visa, Discover, and American Express. We also offer our patients the option of applying for CareCredit if needed.

ESTIMATION OF SERVICES We will be happy to give you an estimate of fees when this is possible. Please remember that we can only assure you of the exact cost of a procedure on the day of service when the doctor has determined the actual code being used. The estimate of our charges will not include work done by an outside lab or pathology service.

COLLECTION EFFORTS We will make every effort to work with you to make payment arrangements should your bill become outstanding. If all efforts do not bring about a resolution of the account after several attempts, the account balance will be turned over to collections. RETURNED CHECKS- All returned checks will results in a $40 NSF fee which will be applied to your account.

I have read and understand the above completely and agree to comply with the financial policies of this office. My signature authorizes this office to file my claims and assigns to this office all rights, title, and interest to my medical reimbursement benefits under my insurance policy. I understand that my signature also allows this office to release information regarding my visits to my insurance carrier. I understand that I am responsible for my bills in the event the insurance company denies any claims.
